#### **GENERAL**

The City of Washington Swimming Pool has approximately 7,800 square feet of surface area, which requires surface preparation and painting. The pool was constructed in 2009, and has just completed its 15th season of operation. The pool was initially painted with Kelly Olympic epoxy paint, and it was repainted in 2019 with Tnemec's High build epoxy series, and compatible epoxy paint for repainting is required. The surface paint is white, with black lane line markings and red depth marking line. Color scheme shall remain the same as it is currently.

To schedule a visit to inspect and/or evaluate the facility, please contact Caroline Scoville or Carl Chalfant at 785-325-2284.
